

## **NESH –Summary of Changes, Part 631**

---

### **July 2019**

The National Ecological Site Handbook Part 631, Subparts A, B and C have been revised and are available via eDirectives. Part 631 of the Handbook covers the development of Ecological Sites. Subpart A addresses Ecological Site Concepts, Subpart B - Information and Products and Subpart C - Identification and Labeling Protocol. Changes to these Handbook Parts are extensive.
