Status at 'Time of Application': Using the CART CSP Renewal Report completed for this application, identify the land use (Forest) with the fewest number of OVERALL resource concerns (national & state) met at the time of application. How many resource concerns are met at time of application? Consider all resource concerns when answering this question. Note: Associated Ag Land and Farmstead land uses are excluded from consideration. Choose one response.	Seven or more (7+) resource concerns are met.	80
